## Resommendation A. 9.

- 1. We consur in this recommendation. 25X1A6a
- 2. As indicated earlier, the establishment of a resident agency in upstate Now Fort should operate both to relieve pressures on the and to enlarge the exploitation of this proven area. An extensive survey in 1952 resulted in a request at that time for authority to open a resident agency in this request was deferred, and was not reopened due to subsequent personnel limitations.
